¹ Any applicable US federal withholding tax and DAIL's service fee will be deducted from the Ordinary Dividend, with the remaining amount converted from US dollars into Australian dollars. The information in this Announcement relating to the Underlying Shares ("Information") has been sourced directly from announcements made by the Underlying Company. The Information will impact the amount of any distribution you receive from Deutsche Access Investment Limited ("DAIL") in connection with your TraCRs. You should carefully review those announcements made by the Underlying Company as the Information may change. If the Information changes, that could impact any amount DAIL pays you in connection with your TraCRs. Please refer to the TraCR Combined Product Disclosure Statement and Financial Services Guide issued by DAIL dated 12 June 2019 ("PDS") for details on how to access announcements made by the Underlying Company. To the maximum extent permitted by law, neither DAIL or any other member of the Deutsche Bank Group takes any responsibility for the accuracy of the Information and will not be liable for any loss or damage you incur if the Information is inaccurate.

Deutsche Bank AG, London Branch or another affiliate of Deutsche Bank AG (collectively, "DBAG") executes all foreign exchange ("FX") conversions of amounts received by DAIL in connection with underlying shares before those amounts are paid to TraCR holders. When executing those FX conversions, DBAG acts in a principal capacity and not as agent, fiduciary or broker, and may hold positions for its own account that are the same, similar, different or opposite to the positions of DAIL. You should be aware that DBAG is a global dealer in FX for a full range of FX products and, as a result, the rate obtained for an FX conversion may be impacted by DBAG executing FX transactions for its own account or with another customer. DBAG will charge a bid-offer spread in connection with FX conversions, and this bid-offer spread is included in the FX rate at which the US dollar amounts are converted into Australian dollars. See the PDS for further details.
