**Subject: Consultation Paper 1 of 2020 – Proposed amendments to the Rules and Procedures to accommodate trading in Hybrid Securities**

Chi-X has today published [Consultation Paper 01/2020](#) on proposed changes to the Operating Rules (Rules) and Operating Rules: Procedures (Procedures) to accommodate trading in Hybrid Securities (the CP).

Hybrid securities are currently quoted and traded on ASX, but non-share hybrids cannot be traded on Chi-X due to a technical restriction on the classes of financial products that may be traded under the Rules. Chi-X is intending to provide a secondary market for all hybrids which are listed, quoted or traded on ASX.

These changes require amendments to the Rules and Procedures and these are covered in the CP.

The consultation period closes on Monday 27 July 2020.
