

Market Operations Notice

Thursday 11th February 2021

Reference Number: 0003/21

Subject: Go-live dates for the addition of ASX Hybrid Symbols to the Chi-X Production Environment.

With reference to earlier [Market Operations](#) and [Technical Notices](#), Chi-X is pleased to confirm the addition of ASX Hybrid symbols to the Production Environment as detailed below.

Chi-X will initially go live with two Hybrid Symbols active in the Production Environment.

Hybrid symbols available for trading effective Monday 22nd February 2021:

CBAPD (Hybrid Security) NFNG (Interest Rate Hybrid)

Please note that all relevant Hybrid Symbols (as detailed below) will be present in Chi-X Reference Data file (CHIXTSL), which is the complete list of the financial products that are available for trading on the Chi-X Market, from Monday 22nd February 2021. However, only the above two symbols will be active on Chi-X at that time and the additional Hybrid Symbols detailed below will be present however set with the suspended state in Chi-X systems until Monday 1st March 2021.

Hybrid symbols available for trading effective Monday 1st March 2021:
