

Technical Notice

Thursday 2nd September 2021

Reference Number: 0009/21

Subject | Go-Live confirmation for the CHIXMD Binary Multicast real time market data feed

With reference to the [previous Technical Notice](#) introducing CHIXMD Binary Multicast, it's now confirmed the **Production go-live date will be Monday 18th October 2021**. The go-live date has been moved out in response to client feedback.

Chi-X has published the pricing of CHIXMD Binary Multicast today via [Market Operations Notice 0021/21](#).

CHIXMD Binary Multicast is available in the Participant Test Environment (PTE). Participants, Trading Firms and Vendors are invited to request PTE access to CHIXMD Binary Multicast.

Further information on CHIXMD Binary Multicast, including comparisons between CHIXMD ASCII Multicast and Unicast, can be found in the [CHIXMD Binary Multicast real time market data feed information sheet](#).

Please [contact your Chi-X Technical Account Manager](#) with any queries.
