### Subject | Apache Log4j vulnerability statement

Chi-X Australia is aware of the potential vulnerability detected in the widely-used Java logging library Apache Log4j.

As soon as we became aware of the potential issue, our teams commenced a thorough investigation of Chi-X Australia's (CXA) software and immediately began work to further secure our technology, systems and data against any threats.

Investigations undertaken so far indicate that none of CXA's systems or data have been compromised. We will continue to investigate the situation and provide further updates to clients as required.

Please contact the [Chi-X Market Operations team](#) with any queries.
