Subject: Consultation Paper 1/2013 on Proposed Amendments to the Operating Rules: Procedures

Chi-X Australia has today published Consultation Paper 1/2013 on the following proposed minor amendments to the Operating Rules: Procedures.

- a. Amending paragraph 3.1(c) of Procedures 4.3 by deleting the trade report category of "Trades at or within the spread" and replacing it with the new category of "Trades with price improvement". This will align Procedure 4.3 with the pre-trade transparency exceptions in the new Market Integrity Rules (Competition in Exchange Markets) that come into force on 26 May 2013.
- b. Amending paragraph 2.2 of procedure 4.5 to delete the reference to "peg offset" as Chi-X will no longer offer this attribute on pegged orders.

The consultation period closes on Monday 20 May and it is proposed that the amendments will take effect on Sunday 26 May.
